

JUMO TDA-300 / TDA-3000 - Handheld thermometer (702540)

- Input for PT100 , NiCr-Ni "K"
- Various probe versions
- Data logger up to 9999 measured values
- Min. / max. value recording
- USB interface
- Battery type AA

Order details

(1) Basic type					
X	X	702540	TDA-300 hand-held thermometer with datalogger (99 measuring values)		
		702541	TDA-3000 hand-held thermometer with data logger (9999 measuring values)		
		702545	Temperature probe / adapter (thermocouple Type "K")		
		702546	Temperature probe / adapter (resistance thermometer "Pt100")		
		(2) Basic type extension			
		X	X	01	Immersion probe
		X	X	02	Insertion probe
		X		03	Surface probe
		X	X	04	Adapter with 1500mm cable, for existing probes
				88	Only for indicators
		(3) Probe length			
		X	X	.	With probe type 04 and indicator
		X	X	004	4mm dia. (probe type 03 only)
		X	X	015	15mm dia. (probe type 03 only)
		X	X	100	Length: 100mm (probe types 01 and 02 only)
		X	X	150	Length: 150mm (probe type 02 only)
		X	X	200	Length: 200mm (probe type 01 only)
