

## Our supplier portal

As an international company our thoughts and actions revolve around the competitiveness of our products and the requirements of our customers.

We expect from our suppliers the high quality standards that we set for ourselves. You would like to support JUMO's development and you are interested in a long-term partnership with synergy effects?

In our supplier portal you will find all information that is important for you as a potential supplier:  
<http://purchasing.jumo.info>

The qualification is carried out exclusively in the portal via a two-stage application procedure.

## Who we are

JUMO GmbH & Co. KG is a leading manufacturer in the field of industrial sensor and automation technology. In addition to our headquarters in Fulda we have production facilities worldwide. The largest is located in Dalian, northern China.

JUMO was founded in 1948, is privately owned, and employs around 2 500 people worldwide. The annual turnover is more than 250 million euro.

Our extensive product portfolio includes the complete measurement chain for temperature, pressure, liquid analysis, flow, level, and humidity – ranging from sensors to automation systems.

JUMO. More than sensors + automation.

More than **sensors + automation**

## Information for Suppliers

Marked leader for industrial sensor and automation technology

## What we offer

- Market leadership for industrial sensor and automation technology
- Privately held company with excellent financial ratings
- High industrial share
- Long-term partnerships
- Steady sales growth
- Product and process optimization

## What we purchase

- Turned parts
- Electronic and electromechanical components
- Circuit boards up to 8 layers HDI
- Cables and cable assembly
- Plastic parts
- Tubes
- Machines (also custom-made)
- Services
- Hardware and software

## What we expect

- Stable quality at the highest level
- Best prices
- Absolute delivery reliability
- Flexibility
- Premium support
- Customer-specific logistics solutions
- Adherence to compliance guidelines
- Environmentally friendly and sustainable action
